Belpastry-bag-lift 600 Depositor

Innovation in filling of pastry bags!

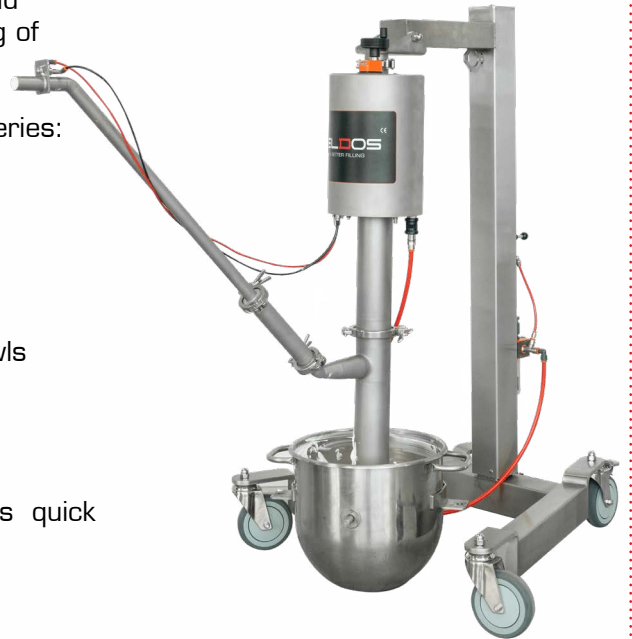

Beldos offers a depositor for easy, fast and hygienic filling of pastry bags! It is a perfect solution to increase efficiency and reduce contamination in comparison with slow manual filling of pastry bags.

1. The Belpastry-bag-lift 600 depositor is available in one series:

- 600 – no volume adjustment

2. Design features:

- mounted on a mobile frame pneumatically adjustable in height with a lift system for easy changing of mixing bowls and buckets
- turn-over system for easy removal of mixing bowls
- it pumps products directly from a mixing bowl and allows quick clean-up for working with different products
- the speed can be easily adjustable

*minimal
training
required*

*100 %
hygiene control*
